EDUCATION

West Virginia State University; Institute, USA **CGPA: 4.0/4.0**
Master of Science in Computer Science August 2025 – present

VNR Vignana Jyothi Institute of Engineering and Technology; Hyderabad. **CGPA: 8.9/10**
Bachelor of Technology in Computer Science Engineering-Data Science December 2021 – June 2025

EXPERIENCE

West Virginia State University | Dunbar, USA August 2025- Present
Research Assistant

- Conduct research on **AI and cyber security.** Assist in data collection, preprocessing, and model development using Python, TensorFlow, and other ML/DL frameworks.
- Perform **literature reviews** and **summarize key findings** for ongoing research papers and grant proposals.

Amazon ML Summer School | Hyderabad, India June 2024- July 2024
Trainee

- Implemented **Supervised, Unsupervised**, and **Complex ML algorithms** by collective libraries of **Python**.
- Worked on **Machine learning projects** using complex algorithms and libraries with an accuracy of **92%+**
- Collaborated with Amazon experts to explore real-world ML applications and their industry impact.

PWC Launchpad | Hyderabad, India February 2024- June 2024
Trainee

- Developed leadership and collaboration skills through **team projects**, and real-world problem-solving exercises.
- Completed an intensive training program covering **Python, SQL, Java, DevOps, and Cybersecurity,** gaining hands-on experience in these core technologies and practices.

CERTIFICATIONS

- AWS Certified Cloud Practitioner - **AWS**
- Google Advanced Data Analytics Professional Certificate - **Coursera**
- DeepLearning.ai- Machine Learning Specialization - **Coursera**

SKILLS

- **Programming Languages:** Python, C/C++, Java, SQL, HTML/CSS, JavaScript
- **Developer Tools & Platforms:** Databricks, dbt, Snowflake, Git, AWS, VS Code, Microsoft Azure
- **Libraries & Frameworks:** Pandas, NumPy, Matplotlib, Seaborn, OpenCV (CV2), PySpark
- **Technologies & Domains:** Apache Spark, Apache Airflow, Apache Kafka, Data Engineering, Machine Learning, Deep Learning, Data Science, AI
- **Core Concepts & Fundamentals:** Data Structures & Algorithms, Operating Systems, Object-Oriented Programming (OOP), Computer Networks, Database Management Systems (DBMS)

PROJECTS

Airbnb Data Engineering Pipeline | *Snowflake, dbt, AWS S3, Python, SQL, Jinja*

- Developed an **end-to-end data engineering pipeline** for Airbnb listings, bookings, and hosts using **AWS, Snowflake, and dbt**.
- Implemented a **medallion architecture (Bronze → Silver → Gold)** with **incremental loading** and **SCD Type 2** to track historical changes.
- Built **analytics-ready datasets**, including a **denormalized fact table and dimensional fact table** for business intelligence.
- Automated transformations using **custom dbt macros and Jinja templates**, and ensured **data quality** with tests, snapshots, and documentation.

AI-Driven ATS for Resume Matching | *Python, Large Language Model*

- Enabled accurate analysis of resumes and matching job descriptions.
- Provided actionable suggestions in **resume parsing** and **job-fit analysis**.
- Streamlined recruitment processes with intelligent parsing, personalized recommendations, and reduced manual effort.

Uber rides- Data Analysis | *Data Analysis, Numpy, Pandas, Matplotlib, Seaborn*

- Applied advanced **exploratory data analysis (EDA)** techniques to uncover key trends in rider behavior and trip efficiency.
- Analyzed attributes such as ride categories, locations, and trip durations to identify peak usage times and popular routes.
- Delivered actionable insights to **optimize** operational strategies and enhance the overall customer experience.

Weather Dashboard Web Application | *Web Development, HTML/CSS, JavaScript, React.js*

- **Built a weather User Interface** using React.js and the **OpenWeatherMap API** to fetch and display real-time weather data.
- **Handled user input** and **API responses** using React hooks for dynamic weather updates

EXTRACURRICULAR INVOLVEMENT

- **Rewriting the Code** | **Member** - Active member of Rewriting the Code, a community empowering woman in tech through mentorship, networking, and skill-building initiatives.
- **Member of Google Cybersecurity Clinic** | West Virginia State University- Assess the cybersecurity posture of small businesses, non-profits, and critical infrastructure through stakeholder interviews and security questionnaires.
- **Student Coordinator, Student Force** | VNR VJIET - Led and organized student initiatives, fostering collaboration and engagement within and outside the university.
